## **ABOUT** **SKEGNESS TEC**

**Skegness TEC is a leading educational institution committed to delivering high-quality technical and vocational training to students in various fields.**

With state-of-the-art facilities, experienced faculty, and strong industry connections, we offer a comprehensive range of programmes that prepare students for successful careers.

# WHY PARTNER WITH SKEGNESS TEC?

## ▶ ACCESS TO A SKILLED WORKFORCE:

Partnering with us gives you direct access to a pool of talented and job-ready individuals. Our students receive hands-on training and practical experience, ensuring they possess the skills and knowledge that align with your industry's requirements.

## ▶ CUSTOMISED TRAINING PROGRAMMES:

We understand that each organisation has unique training needs. By collaborating with Skegness TEC, you gain the advantage of tailoring training programmes specifically to your organisation's requirements. Our flexible approach ensures that the skills and competencies taught align with your industry standards.

## ▶ INDUSTRY-RELEVANT CURRICULUM:

Our curriculum is designed in close collaboration with industry experts, ensuring it remains up-to-date and relevant to current market trends. By partnering with us, you can actively contribute to shaping the skills and knowledge that students acquire, ensuring they are equipped with the competencies your industry demands.

## ▶ NETWORKING AND COLLABORATION OPPORTUNITIES:

Skegness TEC serves as a hub for networking and collaboration. By partnering with us, you gain access to a network of fellow industry professionals, fostering opportunities for collaboration, sharing best practices, and expanding your business connections.

## ▶ CORPORATE SOCIAL RESPONSIBILITY:

Partnering with Skegness TEC demonstrates your commitment to corporate social responsibility by investing in the development of the local community. By supporting education and training initiatives, you contribute to the growth and prosperity of the region.

# **PARTNERSHIP OPTIONS**

**We offer various partnership options tailored to meet your organisations goals and objectives. These include, but are not limited to:**

- **Work placement opportunities**
- **Guest lectures and industry talks**
- **Behind the scenes tours of your organisations**
- **Curriculum development partnerships**
- **Sponsorship and scholarships**
- **Advisory board participation**

Our partnership options are flexible and can be customised based on your specific requirements and areas of interest.

# TESTIMONIALS

Don't just take our word for it. Here's what some of our current partners have to say about their experience collaborating with Skegness TEC:

“ I previously offered a work experience placement to a Level 2 plumbing student from Skegness TEC. I have nothing but amazement at the progress this student has made since coming out with me on placement. Working with the college has given me valuable insight into the necessity for students to undertake placements and I am actively encouraging other local businesses to do the same. ”

## LCS PLUMBING

Lee Cotterill, Business Owner

“ I was delighted to be approached by Skegness TEC and was keen to develop this partnership as I am a big advocate of matching the right person to the right job and offering placements at our nursery as it gives students a chance to develop their employability skills as well as practice their knowledge. The staff and young patrons and even some parents said how much fun and what a positive energy the students brought to the nursery. I am looking forward to continuing offering placements for Skegness TEC learners in the coming years and hope to offer an apprenticeship next year should students be interested. ”

## HAPPITOTS COMMUNITY PRESCHOOL
