WELCOME

ANN HARDY
CEO TEC PARTNERSHIP

Hi, thank you for taking the time to pick up your guide to Skegness TEC. We hope this will give you an insight to life at Skegness TEC, from choosing a course and applying, through to college transport, and what to expect once you've arrived on campus and joined us as a student.

Here at Skegness TEC, we provide a wide range of courses. We aim to do so in a high-quality environment, delivering an excellent outcome for every student, whichever route you wish to take. As a student here, you will gain hands-on experience. You will have the opportunity to learn in state-of-the-art facilities, with expert tutors, while benefitting from a wide range of invaluable employer links. You will receive the support and guidance to help you realise your full potential.

Whatever your passion, we are focused on making your time with us the best it can be, and supporting you to become the best you can be.

WHY CHOOSE US?

QUALITY

- We have industry standard facilities and resources to enhance your learning
- Our tutors are subject experts, and many have real industry experience
- You will train in realistic environments, preparing you for the working world.

OPPORTUNITY

- You will be equipped with the skills and knowledge you need in the future
- We have excellent links with local and national employers with global reach
- We offer industry recognised qualifications.

CHOICE

- Our courses cover a wide variety of career areas with a wide range of subject choices
- We offer full-time vocational courses and apprenticeships
- You can study courses from Entry Level 3 to Levels 3.

SUCCESS

- Our students go on to successful careers and top universities
- We have trained apprentices who have gone on to have amazing careers
- Our success stories speak for themselves. Please head to our social media to see up-to-date student case studies and news stories! news stories!

EXPERIENCE

- We are focused on making your time with us the best it can be, in, and beyond, the classroom
- There is an exciting range of activities to get involved in on campus
- We offer subsidised student-to-campus transport for eligible students.*

FINANCIAL SUPPORT

- Access our 16-19 Bursary Scheme to help with your studies*
- Access 16-19 Discretionary Student Support Fund to help with studies when times are tough*
- Receive childcare support through the Care to Learn scheme.*

*Subject to eligibility

HERE FOR YOU

It is our priority to create a safe and supportive environment in which our students can thrive. Our Student Services team are here to help you transition from school to college as smoothly as possible, offering support from your initial application, through to your interview, and once you have enrolled as a Skegness TEC student.

CAREERS ADVICE

If you are unsure which course is for you, or are torn between a few different options, our Student Services Advisers are here for you. You will benefit from their support until your journey with us ends.

Our Advisers can provide personalised, one-on-one consultations to help set you on the right path to meet your goals. You can schedule a meeting with an adviser via email: careers@grimsby.ac.uk, or give them a call on **0800 389 0097**. They are always happy to help!

SUCCESS COACHES

When you enrol, you'll be allocated a Success Coach, who will be there to offer support in areas such as attendance, achievement, and progression.

Our Success Coaches offer tailored individual coaching sessions, allowing them to understand your unique needs and support you as best they can during your journey with us. Serving as a reliable support system for every student, their guidance encourages you to succeed by helping you to overcome any obstacles disrupting your learning experience.

INCLUSION SUPPORT

The Inclusion service is available to all students offering support and help with:

- Physical disabilities and specified learning difficulties such as ADD, ADHD, Asperger syndrome, dyslexia and other medical conditions
- Access to specialist equipment for your course
- Access to support in the wider college environment
- Visual or hearing impairments

You may have needs that are not listed above, in which case please contact us to discuss your individual requirements. We are committed to ensuring every student thrives, so don't hesitate to get in touch via phone: **0800 389 0097**.

FINANCIAL SUPPORT - BURSARIES

Many students need some financial help while studying at Skegness TEC. We have a discretionary 16-19 bursary scheme in place that may support you with expenses such as travel and college meals. You can also apply for childcare support. There are also options available for adult students over the age of 19 to help toward the cost of course fees, depending on personal circumstances.

To find out more, please contact our team by emailing: enquiries@skegnesstec.ac.uk

or head to our website: skegnesstec.ac.uk/life-on-campus/student-support

COUNSELLING

Here at Skegness TEC, you will have access to a counsellor who you can talk to when you need extra support. This is a confidential service and covers all aspects of mental health and emotional wellbeing.

To access counselling, you can refer yourself, or speak to your Programme Leader, Success Coach or the Student Services Advisers if you would prefer. Visit our website for more information:

skegnesstec.ac.uk/life-on-campus/counselling.

SAFEGUARDING

Our Intensive Support Team ensures the wellbeing of all students and staff at Skegness TEC. The team is readily accessible to address any concerns you may have, whether personal, or in relation to the welfare of a friend or fellow student.

Our team is approachable and provides a safe and supportive environment. Whether the challenges are related to bullying, abuse, self-harm, accommodation, or any other concern, we are equipped with the right people who can listen and provide the best advice. Your wellbeing is our top priority, and they are committed to supporting you every step of the way.

You can contact the team via phone: **07920 860241**, or speak to any member of the team in person.

LIFE ON CAMPUS

REFECTORY

Serving up a diverse range of meals, our Refectory is the perfect spot to grab a morning pick-me-up or unwind with a tasty lunch. Our options are not only delicious but also budget-friendly. Our canteen team is friendly, too!

Our menu includes premium sandwiches, wholesome home-cooked meals, freshly prepared salads, flavourful paninis and wraps, comforting jacket potatoes and soups, pizza... and so much more! Vegetarian or vegan? We've got you covered. The same applies to other dietary requirements; have a chat with our team - they will always be happy to help.

STUDY SPACE AND COMMON ROOM

Spend your study time in this contemporary learning space where you will be welcomed by our learning resource staff team. The Learning resource areas for individual and group working, equipped with computers and books to support your studies. Between classes? Our campus common room provides an area to relax and enjoy time with your friends or if you prefer we have a wellbeing space offering a more tranquil space for those who prefer a quieter atmosphere.

ACCESSIBILITY & PARKING

Our car park offers free parking with priority spaces for disabled students, and there is easy access to all our buildings.

YOUR NEW £15 MILLION CAMPUS

COMING 2025

In 2025, we are opening a brand new Skegness TEC campus! This state-of-the-art building in the heart of our home town will further support our students to achieve their goals.

The campus will add a wider curriculum, adapted to meet the needs of employers.

ENRICHMENT

During your time as a student with us, there is plenty you can get involved in in terms of enrichment. We have various themed weeks, guest speakers, workshops, fundraisers and events offering a range of opportunities to upskill and get involved in fun activities.

CAREERS

Your journey is only just beginning while you're here with us as a student at Skegness TEC. It is our goal to ensure you are equipped with the skills, knowledge and experience to carry with you as you finish your studies and enter the world of work.

Whether you know exactly where you want to go and what to do, or are still deciding, we will do what we can to help you with your next steps.

You will have access to:

- A stable and structured careers programme, aligned to the Gatsby Benchmarks
- High quality advice about future study options
- A range of activities to enable you to develop your employability skills by meeting with employers and learning about the world of work, as well as work experience opportunities
- A range of opportunities to meet future providers of further, higher and postgraduate education, apprenticeships and training
- One-to-one impartial and confidential guidance meetings with a dedicated Student Support Advisers.

NEXT STEPS

Once you've successfully completed your course you may be able to progress to the next level, following a satisfactory interview with a Programme Leader. If you are studying on a Level 3 course and are intending to apply for a place at university, Student Support Advisers will help you to apply through UCAS. They will also be on-hand to offer advice on progressing to a job or Apprenticeship.

Skegness TEC is part of the TEC Partnership, offering you the unique opportunity to progress your studies with high quality degree courses with one of our partners based here in the Yorkshire and Humber region. As you reach the end of your Level 3 course, you might start thinking about going to uni. With a huge range of degree courses to choose from at low cost, this could be a perfect option for you. At the University Centre Grimsby, or at East Riding College in East Yorkshire, both part of the TEC Partnership, you can study degree courses in:

- Construction & Engineering
- Creative & Digital
- Education
- Social Science
- Health & Care
- Business & Management
- Animal Management
- Sport & Public Services

The University Centre Grimsby also offers student accommodation, with several modern halls of residence only a short walk away.

STUDY OPTIONS

FULL TIME - VOCATIONAL

100% COLLEGE-BASED

Choosing to study a full-time vocational course will mean you benefit from authentic studios and workshops, passionate tutors with expert knowledge, and genuine support at every stage.

Whether you're studying at Level 1, 2, or 3, you will be working towards a qualification that is career-focused, gaining academic and practical knowledge to open up various progression routes.

We have a huge range of vocational courses to choose from, across a wide range of subject areas. Discover more about the course content, levels of study, and entry requirements from page 14.

Apprenticeships

APPRENTICESHIPS

Apprenticeships are a fantastic way of experiencing on and off-the-job training, earning while you learn and gaining skills for life, all at the same time! With so many people applying for jobs, businesses are always looking for people with real experience – with an apprenticeship, you get that experience while you learn, and you get paid.

Through an apprenticeship, you will acquire a wide range of industry-approved skills and technical expertise in addition to invaluable personal and professional skills.

ENTRY REQUIREMENTS

Entry requirements will vary depending on the requirements of the course you are applying for and this will be discussed during the interview process.

Full information about entry requirements can be found under each subject area on our website: skegnesstec.ac.uk/full-time-courses.

There is a course for everyone here at Skegness TEC, and we will provide support to help you enrol on the right course and level for you.

WORK EXPERIENCE

All Level 2 and Level 3 courses at our college include the opportunity to gain valuable external work experience with an employer in your chosen industry.

This hands-on experience is designed to complement your studies, allowing you to apply the skills and knowledge you've gained in a real-world setting. It's an excellent way to build your confidence, enhance your CV, and make industry connections that could lead to future employment opportunities.

Whether you're interested in technology, sports, health, or the creative arts, work experience will give you a head start in your career by offering a glimpse into professional life and helping you to understand what it takes to succeed in your field.

APPLICATION JOURNEY

STEP 1

Choose your course! Browse this guide and have a look on our website to see what suits you. If you're unsure, book an appointment with our dedicated Student Support Advisers or, if you're still at school, have a chat with your teachers or careers team.

STEP 2

Come along to one of our Open Events to find out more. This will give you the opportunity to meet our teaching staff and current students, an explore our site to discover more about our excellent facilities.

STEP 3

Applying is easy...you can do it online!
Visit our website:
skegnesstec.ac.uk/how-to-apply/apply-now.

STEP 4

Once you have applied we will be in touch to chat about your chosen course.

STEP 5

Once you have accepted your place, you will be invited to a welcome day.

STEP 6 ENROL

Come and Enrol. We will send you an appointment day and time during August to come and enrol.

It's never too late to apply. It's important to make the right choice for you and your future, and we're always here to help if you need guidance. Contact our Careers Team on 0800 389 0097 or email careers@grimsby.ac.uk if you are looking for some guidance.

DON'T FORGET

When applying, please provide your mobile number and email address so that we can get in touch.

TRANSPORT

Getting to Skegness TEC is simple. If you're aged 16-18 and live in Lincolnshire, you can apply for subsidised travel with the Lincolnshire County Council Travel Pass.

You can apply for this through Home to College Transport either online by **scanning the QR code** or by calling their Customer Service Centre on **01522 782020**.

Once your application has been approved, they'll send you a letter to confirm you've been accepted. You then need to send this letter to our Student Services Advisers, who will be able to assist you with information about any available reimbursements.

This is subject to eligibility and availability of funds.

Contact our Student Services Advisers on **01754 761867**.

If you live outside the Lincolnshire County Council Travel Pass catchment area, you may still be entitled to financial support for travel through our Bursary Scheme. If you're eligible for the bursary and live more than one-and-a-half miles away, we will use part of your bursary allocation to pay for transport on a local bus service.

APPRENTICESHIPS

At Skegness TEC, you can embark on a journey of hands-on learning and practical experience through Apprenticeships. These structured training opportunities combine on-the-job training with theory, equipping you with the skills and knowledge needed to succeed in your chosen field.

Our Apprenticeships are tailored to meet employers' needs, offering a blended learning approach that includes both day-release college sessions and workplace training.

APPRENTICESHIPS ARE AVAILABLE IN THE FOLLOWING SECTORS:

- Education and Training
- Construction
- Engineering and Manufacturing
- Service Industries
- Transport and Logistics
- Business and Management

Our Apprenticeships are continuously evolving as we meet employer needs. Please visit our website for up-to-date listings of Apprenticeships and vacancies available:

skegnesstec.ac.uk/apprenticeships

WHAT ARE THE BENEFITS OF APPRENTICESHIPS?

HANDS-ON EXPERIENCE

Apprenticeships provide practical, on-the-job training, allowing apprentices to gain valuable experience in a real work environment. This experience is highly valued by a wide range of employers.

SKILLS DEVELOPMENT

Apprenticeships offer structured training programmes that are designed to develop specific skills and knowledge relevant to the industry. This enables apprentices to acquire a wide range of industry approved skills, from technical expertise to enable success in the field, to invaluable personal and professional skills such as communication, teamwork and time management.

EARN WHILE YOU LEARN

Apprenticeships are paid positions, providing the opportunity to earn a salary while they learn. This can make apprenticeships an attractive option for individuals who want to avoid student debt while gaining valuable qualifications.

CAREER PROGRESSION

Completing an apprenticeship opens up a range of career opportunities. Many apprentices go on to secure permanent employment with their apprenticeship employer, while others use their apprenticeship as a stepping stone to further education or higher-level qualifications.

SUPPORTIVE ENVIRONMENT

Our student and business engagement consultants, work-based trainers, tutors, student services and support team are there to inspire and support apprentices throughout the duration of their Apprenticeship.

HOW CAN I APPLY?

In order to do an apprenticeship, you need a job as well as a training provider or college. You can apply for a current apprenticeship in the following ways:

1. You can apply for a current apprenticeship vacancy online: skenesstec.ac.uk/apprenticeships
2. You can contact employers with your CV to ask if they would be willing to take you on as an apprentice.

If you are successful, contact our team on **0800 012 6656**.

COURSE OPTIONS

LEVEL	COURSE
Levels 1, 2, 3	Automotive

*Level 3 for progression only

Our Motor Vehicle provision offers mainly practical programmes with theoretical elements embedded to support your learning.

A bonus is that you'll learn in our industry-standard workshops, working with real cars to develop your skills. You'll learn everything from how to change tyres to working on brakes, suspensions, chassis, engines, transmission systems plus servicing, whilst also learning about the theories of automotive maintenance and engineering.

We have great links with employers who offer placements and talks to help your onward progression into industry.

WHAT WILL I LEARN?

- Customer service
- Valeting
- Repairing/diagnostics
- Project renovation
- Teamwork
- Time management
- Communication.

WHAT NEXT?

CAREER OPPORTUNITIES:

Painter and decorator.

UNIVERSITY AND FURTHER STUDIES:

Electrical Installation
Level 2 & 3
Plumbing
Construction.

ELECTRICAL INSTALLATION

COURSE OPTIONS

LEVEL	COURSE
Levels 1, 2	Electrical Installation

If you're curious about the inner workings of electrical systems our courses will support your practical and theoretical development.

You will learn how to wire your average light fitting right through to teaching you about the renewable energy sector. You'll also gain knowledge of the energy sector and how to build systems on your own.

Work experience is a mandatory part of this course. We work with many local businesses including Fantasy Island and Blue Anchor Leisure and we have partnerships with local electrical firms such as GH Electrical Lincs Ltd, Elec-Fix and MHP Electrical, so you'll be able to get some real hands-on experience.

WHAT WILL I LEARN?

- Communication
- Teamwork
- Problem solving
- Maths
- Project management (scheduling)
- Cable fitting and wiring
- Critical thinking
- Renewable energy
- Circuits and electrical systems.

WHAT NEXT?

CAREER OPPORTUNITIES:

PAT testing technician.

UNIVERSITY AND FURTHER STUDIES:

Construction Management – with bridging qualification if necessary
Electrical Engineering – with bridging qualification if necessary
HND Electrical Engineering

COURSE OPTIONS

LEVEL	COURSE
Entry Level	Employability Skills

Making the step to college but not yet ready to commit to a particular career? Or know where you're heading but need some time to develop the skills that will take you there?

The entry level programme at Skegness TEC is designed to support you to build the personal skills and knowledge that employers say they need from everybody.

That's not all! Alongside this you will build the practical skills, in your chosen vocation, that will support your progression onto higher levels courses and employment in at least one of:

- Plumbing and Electrical
- Construction and Property Maintenance
- Car Maintenance
- Hairdressing
- Beauty Studies
- Healthcare
- Childcare.

WHAT WILL I LEARN?

- Planning for progression
- Applying for a job
- Interview skills
- Working as part of a team
- Personal presentation and hygiene
- Rights, responsibilities and citizenship
- Community project.

WHAT NEXT?

FURTHER STUDIES:

Level 1 Employability Skills

Level 1 or Level 2 courses in:

Plumbing

Electrical Installation

Make-up Design and
Prosthetics.

COURSE OPTIONS

LEVEL	COURSE
Levels 2, 3	Health & Social Care

There is so much to learn about people in order to properly care for and support them.

This is the first step to building a career around helping others. Throughout our courses you will learn a variety of practical skills including life stages, public health, physiological disorders, as well as anatomy and physiology, providing you with everything you need to better understand and care for both adults and children.

You will also learn about equality, diversity and rights in care work, professional values, planning, supporting and protecting adults. If you have a passion for helping people and an interest in working in the health and social care sector, then we have the course for you!

WHAT WILL I LEARN?

- Life stages
- Public health
- Physiological health
- Physiological disorders
- Anatomy
- Physiology
- Professional Values
- Communication
- Personal Care
- Safeguarding
- Self management.

WHAT NEXT?

CAREER OPPORTUNITIES:

Nurse
Midwife
Ambulance care assistant
Home carer
Physiotherapist.

UNIVERSITY AND FURTHER STUDIES:

Physiotherapy
Psychology
Health & Social care
Midwifery
Nursing
Counselling.

COURSE OPTIONS

LEVEL	COURSE
Levels 1, 2, 3	Plumbing

Our teaching staff are qualified plumbers with lots of industry experience, so they can give you great insight into what it's like to make a living as plumber.

They'll also be able to teach you key skills such as plumbing systems, the importance of water pressure, pipe joining techniques, hot and cold-water supplies and domestic gas principles.

Your study programme is tailored around you to include units about the future technology of the industry, employability skills and personal development.

Work experience is a mandatory element of this subject area. If internal, you'll work alongside a technician from another area. If external, you'll be going out to work with experts in their field.

WHAT WILL I LEARN?

- Project management
- Gas awareness
- Teamwork
- Problem solving
- Communication
- Water pressure
- Pipe joining techniques.

WHAT NEXT?

CAREER OPPORTUNITIES:

Industrial, commercial or domestic plumber
Gas installer.

UNIVERSITY AND FURTHER STUDIES:

Construction Management.
